

TIGERPAW TRAINING AND EDUCATION

The way YOU learn.

Lack of training can be one of the biggest barriers to increased productivity.

Increasing your productivity was probably one of the major reasons you purchased Tigerpaw. You didn't buy Tigerpaw not to utilize its full potential.

At Tigerpaw, we understand that everyone learns differently. That is why we offer the following extensive training and education resources designed for... **the way YOU learn.**

Find the learning style that suits you!

AUDITORY LEARNERS

Auditory Learners relate most effectively to the spoken word.

Tigerpaw provides the following training and education resources for auditory learners:

- A live Implementation Coordinator to guide you
- On-Demand Job Training Videos
- Feature Specific Video Instruction
- Best Practices Webinars & Videos
- Online Q & A sessions with live Tigerpaw Instructors two days a week
- Dedicated support staff to answer your questions or help with system related issues
- Online Coaching/Tutoring Services
- On-Site Consulting/Training

VISUAL LEARNERS

Visual Learners relate most effectively to written information, notes, diagrams, and pictures.

Tigerpaw provides the following training and education resources for visual learners:

- Access to a sample database
- Extensive Preloaded User Documentation
- Comprehensive Installation & User Guides
- Tigerpaw PRIME (Product Implementation & Education) Program
- Integrated Help (F1) and "How do I..." search features
- Email Support for your questions or help with system related issues
- Live classroom instruction at our headquarters with hands-on labs & exercises with a Tigerpaw instructor
- Regional live training classes with hands-on labs & exercises with a Tigerpaw instructor
- Online Coaching/Tutoring Services
- On-Site Consulting/Training

TACTILE LEARNERS

Tactile Learners relate most effectively through their sense of touch and hands-on interactions.

Tigerpaw provides the following training and education resources for tactical learners.

- On-Demand Job Training Videos
- Feature Specific Video Instruction
- Best Practices Webinars & Videos
- Live classroom instruction at our headquarters with hands-on labs & exercises with a Tigerpaw instructor
